# OUR FIRM

B & P ASSOCIATES is a corporate law firm and consultancy in Accra. We pride ourselves in providing simple and practical solutions to the complex legal challenges our clients face in their business operations. We are in tune with the local legal and commercial environment and well-positioned to assist our clients in anticipating and meeting their needs to achieve their business objectives.

---

# OUR APPROACH

## **Client Focused**

Our clients are at the heart of how we work. We have an adaptable and approachable team that provides excellent client care. We believe an integrated approach adds value to our clients.

## **Globally aware**

As a responsible business, we seek to provide clients with a service that is well informed and defined by high global standards of professionalism and ethics. We have an international legal team well-versed in international contracts and disputes, and cross border transactions.

## **Industry specific**

Our clients span a broad range of industries such as renewable energy, mining, technology development, financial services, real estate and construction, investors in alternative assets, medical diagnostic services, upstream and downstream petroleum sectors, manufacturing and export, retail and trading.

# AREAS ON PRACTICE

---

## **Energy & Natural Resources**

Advice, support and representation on oil and gas, power and mining projects including renewable energy.

## **Real Estate, Construction & Infrastructure**

Extensive skills and practical experience in real estate, construction and infrastructure projects at every stage of the transaction.

## **Corporate & Commercial**

Meeting critical needs of emerging and established companies in a continually changing marketplace.

## **Trade & Commerce**

We offer our clients advice on corporate reporting and transparency in compliance with various trading regulations and international standards such as the World Trade Organization (WTO).

## **Banking, Finance & Restructuring**

We provide practical and succinct advice on the evolving nature of international and local financial markets.

## **International Tax Planning**

The creation of effective financial and tax structures that can withstand the scrutiny of taxing.

# AREAS OF PRACTICE

---

## **Mergers & Acquisitions**

We find innovative ways to protect our clients' interests: on transactional agreements, negotiations, due diligence, tax advisory, risk mitigation and corporate governance.

## **Employment & Immigration**

We provide advice and guidance on compliance with the international labour laws and local content regulations of the country.

## **Healthcare**

We routinely handle matters under corporate governance and regulatory compliance, relative to the operational aspects of health facilities.

## **Intellectual Property**

We understand that the continued success of a business hinges on the protection and management of its Intellectual Property ("IP") including trademarks, copyrights, trade secrets and patents.

## **Insurance Law**

With our experience and expertise in Corporate and Commercial Law, we provide expert legal advice on a wide range of insurance policies and disputed claims.

## **Trust And Probate**

We are committed to assisting our clients with all issues in relation to the protection, enforcement and exploitation of patents, trademarks, copyright, designs, know-how and trade secrets.

# AREAS OF PRACTICE

## **Business Support Services**

Advisory services and compliance, company secretarial services, registrations and setting up of business operations.

## **International Anti-Corruption & Compliance**

Anti-bribery and corruption policy design, trainings and internal investigations.

## **International Family Law**

Protection of families across frontiers in matters of custody, divorce, inter-country adoption and international child abduction.

## **Litigation & Dispute Resolution**

Representation of individuals, institutions and corporate organisations through quality advocacy, litigation and Alternative Dispute Resolution (ADR).
