

Our solution brings the informal economy into the financial inclusion fold, by affording previously excluded individuals access to an essential financial service like retirement planning and savings. With a goal of increasing self-reliance, our overall ambition is to replicate our model beyond Ghana, enabling us to provide 1 million customers with income security regionally.

PEOPLE'S PENSION TRUST- COMPANY PROFILE

People's Pension was incorporated in 2016 and is a duly licensed corporate trustee with the National Pension's Regulatory Authority. It offers innovative, flexible, and digitally driven pension products to ensure retirement income security for the formal and informal Ghanaian worker. However, there is a specific focus on the informal sector which employs over 85% of the labor force in Ghana, but who until the 2008 pension reform had no access to retirement services.

Our main product offerings are:

Tier 3

- PPT Personal Pension Scheme
- Group Personal Pension Scheme
- Provident Fund Administration Services

Tier 2

- PPT Occupational Pension Scheme
- Employer Sponsored Pension Scheme
- Retirement Advisory Services

Vision

To be recognized as the organization that successfully reduced old-age poverty in Ghana by offering innovative pension solutions for both formal and informal workers.

Ambition

To provide some 1 million informal workers, locally and regionally, with a tailor-made pension product by 2025.

Corporate Governance

People's Pension is governed by a six-member Board of Directors with Mr. William Abeasi as the Chair and Saqib Nazir as Chief Executive Officer
